# **CELEBRATING 50 YEARS OF EXCELLENCE**

Congratulates Our Founder

Marvin C. Beil, M.D.

## For 50 Years Of Service To The Valley

Dr. Beil opened his solo Ear, Nose and Throat medical office in Fresno on July 25th, 1966. His vision was to create a comprehensive otolaryngological healthcare facility serving Central California. Trained under the guidance of internationally recognized surgeon Dr. Joseph Ogura of Washington University St. Louis, Dr. Beil became a well-known pioneer locally in the field of advanced-technique head and neck cancer surgery. He built strong physician relationships throughout the San Joaquin Valley and his practice ranged from pediatric to geriatric care.

Over time, other skilled specialist physicians joined the practice and it has grown into Dr. Beil's dream facility featuring an onsite Surgery Center, full Audiology Testing services, comprehensive Speech services, a Hearing Aid service, and a full-service Aesthetic Plastic Surgery and Skincare center.

Dr. Beil remains an active member of our team of 10 board-certified physician specialists working with more than a dozen other licensed professionals and an experienced support staff to provide excellent healthcare services to all valley residents.

## Thank You Dr. Beil !
